TO THE ALTERNATIVE PROCEDURE FOR SMALL)
UTILITIES)

O R D E R

On June 20, 1986, the Commission entered an Order in which Mulberry Enterprises, Inc., ("Mulberry") was allowed no increase in revenues. On July 2, 1986, Mulberry filed a petition for reconsideration of the rates granted by the Commission in that Order. In its petition, Mulberry took issue with the Commission's treatment, for rate-making purposes, of several test year expenses and/or proposed adjustments to test year expenses.

A hearing was not requested in this matter and, in accordance with the provisions of the Alternative Rate Adjustment Procedure for Small Utilities, no hearing was conducted. The Commission finds that Mulberry should be granted reconsideration on all issues raised in its petition. However, Mulberry should file additional information, specific in nature, to support its position on the various issues. The Commission reserves the right to affirm its Order of June 20, 1986, should Mulberry's additional information not be persuasive.

SUMMARY

The Commission, after consideration of the evidence of record and being advised, is of the opinion and finds that:

1. Mulberry should be granted reconsideration on all issues raised in its petition.

2. Mulberry should file additional, specific information to support its position.

IT IS THEREFORE ORDERED that:

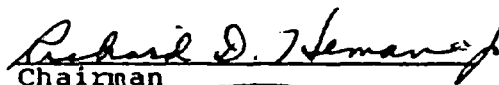

1. Mulberry is hereby granted reconsideration on all issues raised in its petition.

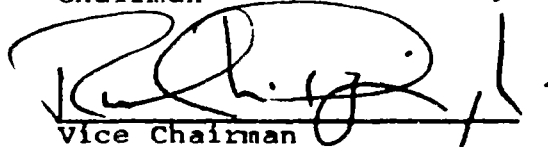

2. Mulberry shall file additional, specific information to support its position within 30 days of the date of this Order.

3. The Commission reserves the right to affirm its Order of June 20, 1986.
